

## PRIVACY IMPACT ASSESSMENT (PIA)

For the

System Access Workflow and Tracking (SAWT)

Defense Information Systems Agency (DISA)

### **SECTION 1: IS A PIA REQUIRED?**

**a. Will this Department of Defense (DoD) information system or electronic collection of information (referred to as an "electronic collection" for the purpose of this form) collect, maintain, use, and/or disseminate PII about members of the public, Federal personnel, contractors or foreign nationals employed at U.S. military facilities internationally? Choose one option from the choices below. (Choose (3) for foreign nationals).**

- (1) Yes, from members of the general public.
- (2) Yes, from Federal personnel\* and/or Federal contractors.
- (3) Yes, from both members of the general public and Federal personnel and/or Federal contractors.
- (4) No

\* "Federal personnel" are referred to in the DoD IT Portfolio Repository (DITPR) as "Federal employees."

**b. If "No," ensure that DITPR or the authoritative database that updates DITPR is annotated for the reason(s) why a PIA is not required. If the DoD information system or electronic collection is not in DITPR, ensure that the reason(s) are recorded in appropriate documentation.**

**c. If "Yes," then a PIA is required. Proceed to Section 2.**

**e. Does this DoD information system or electronic collection have an OMB Control Number?**

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information.

This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

**Yes**

**Enter OMB Control Number**

**Enter Expiration Date**

**No**

**f. Authority to collect information. A Federal law, Executive Order of the President (EO), or DoD requirement must authorize the collection and maintenance of a system of records.**

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be the same.

(2) Cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply.)

(a) Whenever possible, cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If a specific statute or EO does not exist, determine if an indirect statutory authority can be cited. An indirect authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component should be identified.

The following authority allows System Access Workflow and Tracking (SAWT) to collect the following data:

- 5 U.S.C. 301, Departmental Regulation;
- 10 U.S.C. chapter 8; DoD Directive 5105.19, Defense Information Systems Agency (DISA);
- DoD Directive 1000.25, DoD Personnel Identity Protection (PIP) Program;

Automate the System Authorization Access Request (SAAR) (formerly known as the DD2875 form) process to incorporate the following capabilities: pre-populate user information (name, email, phone), Common Access Control (CAC) digital signature (DoD ID Number), workflow notifications, multi-approval and routing, digital updates to a SAAR status dashboard, and integration with SharePoint for SAAR request archive. In addition to accelerating and streamlining the existing process, the SAAR will resolve the following insider threat findings: Account creation and/or deletion is not documented or tracked.

Other potential PII: Clearance type and date, citizenship

(2) Briefly describe the privacy risks associated with the PII collected and how these risks are addressed to safeguard privacy.

All the information on a SAAR will be captured in the SAWT database.
