

## PRIVACY IMPACT ASSESSMENT (PIA)

**PRESCRIBING AUTHORITY:** DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

Global Exchange (GEX)

**2. DOD COMPONENT NAME:**

Defense Information Systems Agency

**3. PIA APPROVAL DATE:**

**c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.**

The requested PII GEX installation in the EBS-TF lab does not perform the collection of any personal data, except for that which the program element we are supporting has provided for the specific test event; nor will GEX retain this personal data, or any metadata post-test. The system is subject to the limitations specified in each customer's program PIA, and a copy of that document will be maintained for record with each event support document. The primary function of the GEX is to connect to system performing data transactions to verify the data is being passed correctly and completely from one end to the other given a specific set of parameters, and to troubleshoot and provide possible solutions where necessary. Some PII may be encountered during verification and data matching. All PII/PHI/FOU records provided during the course of a test event are properly disposed of upon conclusion of the test event.

**d. Why is the PII collected and/or what is the intended use of the PII?** (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

Verification, analysis, data matching, and reporting. JITC is testing the transfer of data assets from one system to another. The PII has already been collected within the system being tested, and will not be collected directly from any individual.

**e. Do individuals have the opportunity to object to the collection of their PII?**  Yes  No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Individuals do not have the opportunity to object to the collection of their PII through JITC. JITC is testing the migration of data assets from one system to another. The PII has already been collected within the system being tested, and will not be collected directly from any individual.

**f. Do individuals have the opportunity to consent to the specific uses of their PII?**  Yes  No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Individuals do not have the opportunity to consent to the specific use of their PII through JITC. JITC is testing the migration of data assets from one system to another. The PII has already been collected within the system being tested, and will not be collected directly from any individual.

**g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided.** (Check as appropriate and provide the actual wording.)

**k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?**

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

- Yes  No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcl.dod.mil/Privacy/SORNs/>

or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

C5.1.6. Exempt Records in Non-Exempt Systems - Any records GEX receives, in support of the PMO, will only be in custody temporarily and will remain the responsibility of the supported program element (originating component). GEX does not maintain, collect, or provision access to these records; rather it conducts the audit of the transmission and validates accuracy.

**m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.**

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

  - (b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
  - (c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
