c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

The USMTF-WA purpose uses the configuration management tool for the MIL-STD-6040 baseline. Requests for changes from all users and interface change proposals from the combatant commands (e.g., CENTCOM), military services (e.g., Army), and DoD agencies are stored, analyzed and implement within the system. Baseline changes will be generated directly within the system. Only users with an approved CAC can authenticate access to the USMTF-WA using the persons EDI Person Identifier (EDIPI) name(s) and DoD ID Number.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

An authorized user's last name and partial EDIPI contained in the CAC are used to facilitate authentication when logging into the system.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

The user's last name and partial EDIPI are required to facilitate access authentication of the authorized user.

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

The user's last name and partial EDIPI are required to facilitate access authentication of the authorized user.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

Yes No

If "Yes," enter SORN System Identifier K890.15
