Operations & Infrastructure Center

Don Means, Jr.
Director

Dr. Serena Chan
Senior Technical Advisor

Tinisha McMillan
Endpoint & Customer Service

Chris Paczkowski
Transport Services

Joe Wassel
Cyberspace Operations

Endpoint & Customer Service Portfolio

consolidates and optimizes Fourth Estate commodity IT networks and services into a single service for improved user experience, efficiency, and economies of scale.

- Desktop Services
- Global Desktop Support
- Network Consolidation

Transport Services Portfolio implements and sustains the global transport, voice, video and data network infrastructure and provides information superiority to the President, Combatant Commanders, Senior Leadership, Services, Agencies and Warfighters.

- Global Transport
- Gateways / SATCOM
- Senior/National Leader Communications
- Provisioning & IP Services

Cyberspace Operations Portfolio enables DISA mission partners, improves resiliency, and enhances lethality across the cyberspace domain. The directorate enables and synchronizes the flow of vital information to the warfighter worldwide throughout all phases of operations while maintaining the security posture of the DISN.

- Operate and Defend
- Warfighter Support
- COCOM Engagement
- Information Synchronization

Endpoint & Customer Service Directorate

Special Mission Services Office

On demand Presidential and senior leader communications supporting day-to-day operations, continuity of the government, and continuity of operations

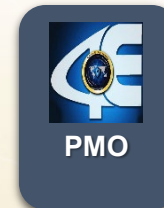

Compartmented Enterprise Services Office

Web-enabled enterprise capabilities to DoD & Intelligence Community Special Access Programs

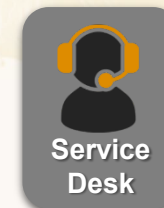

4th Estate Network Optimization PMO

Project documentation, best practices, metrics and resourcing single service provider for common IT

Global Services Desk

Single point of entry for customer service

DoD Network

Common use IT infrastructure

Transport Services Directorate

Transport

Terrestrial & subsea systems and circuits to support the Enterprise Infrastructure.
Ethernet & IP services for enabling Joint capability

Special Services

Requirements analysis, impact assessments, communications services and support
Enterprise DNS management

Engineering

End-to-End engineering and technical sustainment for assured DISN core service offerings

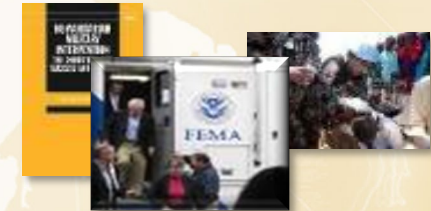

Gateways

Implementation & Sustainment of the enterprise communication gateways:
MILSATCOM, AISR, IAPs, Travel Kits

Senior National Leadership Comms

Programmatic, technical, and implementation management support for U.S. Defense, National Leadership, Allies, & other foreign nations.
U.S. Secret Service communications support

Installation and Implementation

End-to-End deployment of worldwide IT infrastructure.
Circuit Provisioning activities for DISN backbone & special transport services.
Enterprise warehouse to support DISN logistics

Cyberspace Operations Directorate

DISA Joint Operations Center

Exercises C2 over all DODIN Operations and DCO-IDM actions for operating and defending the DISA portion of the DODIN

Operations Readiness

Synchronizes, coordinates, and focuses the full capabilities of DISA to support contingency missions, integrated planning, joint exercises, crisis action processes, and risk reduction for deploying new capabilities

Global Public Safety Comms

DoD's architect for Next Generation 9-1-1

DISA Global

Operates, secures, defends and sustains DISA's enterprise infrastructure

JSSC

Supports the NMCC and NC3

Forward representatives to Combatant Commands fully participating in CCMDs' integrated planning efforts, provides CCMDs with operational situational awareness and, as appropriate, defensive cyberspace protection. During isolation conditions, Field Commands may surge to provide DODIN operations and DCO-IDM services to their respective CCMDs

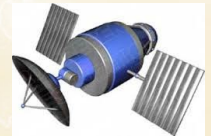

CSSP Services

Monitoring and analysis of network traffic entering and exiting Mission Partner enclaves (traditional and cloud)

Mission Assurance

Conducts in-depth analysis and assessment of critical infrastructure and supply chain management to mitigate/eliminate service interruption related to single points of failure

HQS Operational Staff

Mission driven support to HQS and Field and aligned to a J-Code structure to correspond with equivalent Mission Partner organizations

DISA Field Commands & Field Offices
