THE DISA VISION
Information superiority in defense of our Nation.

THE DISA MISSION
DISA, a combat support agency, provides, operates, and assures command and control, information sharing capabilities, and a globally accessible enterprise information infrastructure in direct support to joint warfighters, national level leaders, and other mission and coalition partners across the full spectrum of operations.

1000+ Enterprise Applications

Cyber and Big Data Analytics	Antivirus/ Antispyware	Web Content Filtering	End Point Security	Continuous Monitoring
Defense Enterprise Office Solutions	Global Video Services	Defense Collaboration Service	DOD Enterprise Email	milCloud 2.0
Secure Cloud Computing Architecture	Systems Engineering Technology Innovation (SETI)	Encore III	Joint Enterprise License Agreements	Command and Control Modernization
Classified and Unclassified Mobility	Coalition Service Capabilities	Joint Spectrum Solutions	Interoperability Testing	Joint Regional Security Stacks
Assured Identity	Software Defined Networking	National Background Investigation Service	National Leader Command and Control	Joint Service Provider

OPERATING The DOD Network

Content Delivery
Global Content Delivery Service (GCDS) provides commercial Internet technology to accelerate and secure DOD web content and applications across the Non-secure Internet Protocol Router Network (NIPRNet) and Secure Internet Protocol Router Network (SIPRNet) 24x7.

Data Services
Provide best effort IP-based services across the DOD enterprise based on the classification level of the information accessible, including Sensitive but Unclassified (SBU), Secret (S) and Top Secret/Sensitive Compartmented Information (TS/SCI).

Messaging Services
Messaging Services provide the ability to exchange official information between military organizations and to support interoperability with allied nations, non-DOD activities and the Intelligence Community operating in both the strategic/fixed-base and the tactical/deployed environments.

Satellite Communications (SATCOM)
SATCOM services, combined with Commercial Satellite Communications (COMSATCOM) leases, allow worldwide access to Defense Information Systems Network (DISN) voice, data, video, and transport services.

Dedicated Transport
This capability delivers a private-line-transport service that provides point-to-point connectivity to mission partner locations.

Voice Services
DISA Voice Services provide reliable, secure and non-secure, high-quality voice and voice messaging services.

Virtual Private Network
Virtual Private Network (VPN) provides mission partners the ability to connect to the DOD network through various means and modes.

OPERATING The Computing Ecosystem

Communications
Provides the strategic vision, design, integration and sustainment of the datacenter communications infrastructure.

Cyber
Implements the cyber policies impacting computing and addresses necessary information security requirements.

Data Center
Delivers capacity services, command and control, and datacenter floor management for all ecosystem data centers.

Implementation and Sustainment
Manages the implementation and sustainment of all mission partner workload.

Infrastructure
Maintains and sustains storage, virtualization, change and configuration capabilities in an operationally effective and efficient manner.

Mainframe
Provisions, secures, operates, and maintains all mainframe hardware, storage environments, operating systems, databases, and independent software vendor products.

Server
Delivers a reliable, standardized computing environment through the implementation and sustainment of the operating systems and associated enterprise management tools.

Special Services
Offers customized enterprise computing capability and support to include integration, sustainment, tiered-level support and security remediation to DOD mission partners.

ALWAYS ON

SECURING AND DEFENDING The DOD Information Networks (DODIN)

One of the World's Largest Networks

BUILDING AND OPERATING THE LARGEST NETWORK IN THE WORLD
Defense Information Systems Network • Video
Voice • Data • Enterprise Services
Operating the Internet's 13 G Root Server

DODIN

COMMAND, CONTROL AND DEFEND THE GLOBAL NETWORK
Core Data Centers • Cloud Services • Agency Networks • Service Networks
Industrial Control Systems • Coalition and Multinational Networks
Tactical Communications Systems • Platform IT • Leased Telecom Services
Mobile Devices • Educational Institutions

INTERNET

One of the World's Largest Networks: DISA

Synchronization and protection for all of the Department of Defense.

The Numbers:
- 38M emails received – 32M Blocked
- 605M websites requested – 85M Blocked

DODIN: Joint Force Headquarters-DODIN

Exercises command and control of DODIN operations, executes Defense Cyber Operations globally, and synchronizes the protection of DOD components.

The Numbers:
2.9M DODIN users
300Terabytes of data

Recruit & Hire

Pathways Program
The Pathways Program offers federal internship and employment opportunities for current students, recent graduates and those with an advanced degree.

Special Hiring Authorities

- Veterans' Recruitment Appointment (VRA): allows appointment of eligible Veterans up to the GS-11 or equivalent grade level.

- Schedule "A" authority is for all people with disabilities/

- Workforce Recruitment Program (WRP) for College Students with Disabilities: This program aims to provide summer federal internships for college students with disabilities.

Cyber Hiring Authorities
DISA has been authorized to fill their cyber security positions through the Schedule A Hiring Authority. The authority applies only to specific job series and may only be filled at the GS grade level 09-15. This authority was made effective on March 15, 2010 and extended through December 31, 2017.

- Security, GS-0080
- Computer Engineer, GS-0854
- Electronics Engineer, GS-0855
- Operations Research Analyst, GS-1515
- Computer Scientist, GS-1550
- IT Specialist, GS-2210
- Criminal Investigators, GS-1811
- Telecommunications Specialist, GS-391

Train & Develop

Competitive Programs

Competitive Development Program (CDP) is comprised of various nationally prominent development programs. These programs broaden and enhance leadership skills through advanced academic courses, focused training, and challenging developmental assignments.

Competitive Education Program (CEP) provides participants an opportunity to complete a mission-related degree program of study at the undergraduate, graduate or post-graduate level at an accredited academic institution of their choice.

Leadership Programs are focused on mentoring, expanding, and developing new leadership skills and best practices with current leadership.

- Explorations of Leadership (ELP) – Grade Eligibility: GS-9 thru 12, O2 and 3, CWO2 and 3, E5 thru 6.

- Mid-Level Leadership Program (MLLP) – Grade Eligibility: GS-13 and 14, O4 and 5, CWO3 and 4, E7 thru 9.

- Senior Leadership Program (SLP) – GS-15, Civilian Employees Only with ECQs/SES Endorsement/Interview Board Required for selection.

Civilian Mobility Agility Program
DISA's Civilian Mobility program enables current employees to take advantage of new career opportunities within the agency.

BUILDING RELATIONSHIPS with Industry and Beyond

Contracting Opportunities

Purchasing telecommunications and information technology (IT) products and services for the military is one of DISA's key roles within the DOD.

Our contracting and procurement experts use a variety of contract vehicles to increase acquisition speed, reduce costs, and ensure the men and women of our armed services have the cutting-edge services and capabilities they need to fulfill their missions.

(301) 225-4120, DSN 375
Procurement Directorate/Defense Information Technology Contracting Organization (DITCO)
http://www.disa.mil/Mission-Support/Contracting

Small Business Advocacy

Enables DISA to gain access to the efficiency, innovation, and creativity offered by small businesses. We are an integral player and value-added advisor in the development of agency acquisition strategies to ensure compliance with laws, directives, goals, and objectives related to small business initiatives.

Office of Strategic Communication & Public Affairs: Corporate Connections

Vision: Optimize how DISA and Industry communicate.

Mission: Facilitate and foster mutually beneficial relationships with DISA's industry partners.

Corporate Connections' Role:
- Formulate DISA's Industry Engagement Strategy
- Improve DISA's Visibility of Agency-wide Industry Interactions
- Build Relationships with Industry
